Medical Plan Caveats

This plan includes coverage under the extent required in accordance with the Federal Mental Health Parity and Addiction Equity Act (MHPAEA) beginning with plan years starting on or after January 1, 2018.

This plan includes coverage for women's preventive health benefits to the extent required under U.S. federal law effective beginning with plan years starting on or after August 1, 2012.

Payment limits apply per individual on a calendar year basis. Only those out-of-pocket expenses resulting from the application of a payment percentage may be used to satisfy the payment limit. copays, benefit penalties and 50% items are excluded from the payment limit.

There is cross-application between calendar year deductible, out of pocket maximum and lifetime maximum across overseas, in-network and out-of-network level of benefits.

Coverage maximums up to a certain number of days/visits per calendar year are reached by combining the Preferred and Non-Preferred benefits up to the limit for either one plan or the other, but not both. (Example, if the Preferred benefit is for 120 days and the Non-Preferred benefit is for 120 days, the maximum benefit is 120 days, not 240 days).

Maternity expenses are covered as any other medical expense. Coverage is provided for an employee and spouse and all female family members. Pregnancy benefits do not continue to be payable after coverage ends except in the event of total disability.

For contracted hospitals, the non-contracted Radiologist, Anesthesiologist and Pathologist (RAPS) are paid at the preferred level, and will be subject to reasonable and customary charges. Note that this payment method may apply to other providers.

Copayments and coinsurance for chiropractic visits are capped at 25% of the amount due to the chiropractor.

Benefit maximums per Plan year are calculated between 01/01/2022 and 12/31/2022.

Other Health Care (Out-of-Area): *When care is provided in the U.S. in a geographic area in which Aetna has not contracted with a provider, charges are payable at 80% after any applicable Deductible (does not apply to those expenses paid at a reduced payment percentage). The benefit levels associated with the following In-Network provisions would apply: Deductible, Family Deductible, Inpatient Hospital Deductible, Out-of-pocket maximum(s).*

**This plan includes coverage under the extent required in accordance with the Federal Mental Health Parity and Addiction Equity Act (MHPAEA) beginning with plan years starting on or after January 1, 2018.*

*** Payment for Non-Preferred Providers**

We cover the cost of care differently based on whether health care providers, such as doctors and hospitals, are "in network" or "out of network." We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this out-of-network care.

As an example, you may choose a doctor in our network. You may choose to visit an out-of-network doctor. If you choose a doctor who is out of network, your Aetna health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, Aetna limits the amount it will pay. This limit is called the "recognized" or "allowed" amount. When you choose out-of-network care, Aetna "recognizes" an amount based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much Aetna "recognizes" depends on the plan you or your employer picks.

Your out-of-network doctor sets the rate to charge you. It may be higher -- sometimes much higher -- than what your Aetna plan "recognizes" or "allows." Your doctor may bill you for the dollar amount that Aetna doesn't recognize. You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the recognized charge counts toward your deductible or maximum out-of-pocket. To learn more about how we pay out-of-network benefits visit Aetna.com. Type "how Aetna pays" in the search box.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to www.aetna.com and click on

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in network. You pay your plan's copayments, coinsurance and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments, coinsurance and deductibles.

This plan of benefits is underwritten by Aetna Life Insurance Company (Delaware).

This is only a brief summary of the PPO Medical benefits available. Some restrictions may apply.
