Medical Plan Caveats

This plan includes coverage for women's preventive health benefits to the extent required under U.S. federal law effective beginning with plan years starting on or after August 1, 2012.

Payment limits apply per individual on a calendar year basis. Only those out-of-pocket expenses resulting from the application of a payment percentage may be used to satisfy the payment limit. Deductibles, copays, benefit penalties and 50% items are excluded from the payment limit.

Coverage maximums up to a certain number of days/visits per calendar year are reached by combining the Preferred and Non-Preferred benefits up to the limit for either one plan or the other, but not both. (Example, if the Preferred benefit is for 120 days and the Non-Preferred benefit is for 120 days, the maximum benefit is 120 days, not 240 days).

In-Network - deductible and coinsurance may apply to pap smears, DRE tests and PSA tests if billed by an independent laboratory provider.

Maternity expenses are covered as any other medical expense. Coverage is provided for an employee and spouse and all female family members Pregnancy benefits do not continue to be payable after coverage ends except in the event of total disability.

For contracted hospitals, the non-contracted Radiologist, Anesthesiologist and Pathologist (RAPS) are paid at the preferred level, and will be subject to reasonable and customary charges. Note that this payment method may apply to other providers.

Benefit maximums per Plan year are calculated between 01/01/2022 and 12/31/2022.

This plan of benefits is underwritten by Aetna Life & Casualty (Bermuda) Ltd.

This is only a brief summary of the Indemnity Medical benefits available. Some restrictions may apply.
