

## Find what you need - when you need it - with Aetna Mobile Apps

Our goal at Aetna International is to provide you with the tools and resources you need to help you access your benefits and stay healthy while on outside your home country. On the go access is critical - and our Aetna Mobile and Aetna International Provider Directory apps give you up-to-date information right when you need it.

### The Aetna Mobile app offers:

- Your benefits and coverage information
- Claims search functionality for the latest status of your claims
- Access to your medical ID card - no need to worry if you left your ID card at home

**To download**, visit the App Store or Google Play/Android Market from your device and search “Aetna” to download the Aetna Mobile app. This app is also available for Blackberry devices.

### The International Provider Directory Tool app includes:

- The direct-settlement provider directory indicating inpatient and outpatient providers.
- Address and contact information for each provider
- Access to view the providers on a map and calculate distance to the facility using GPS on the user’s mobile device.
- Helpful information on what to do before, on the day of and after an appointment
- Links to the relevant forms
- Integration with the mobile device calendar to record any appointments made with the provider.

**To download**, visit the App Store or Google Play/Android Market from your device and search “Aetna” to download the Aetna International Provider Directory Tool.

**Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance and its affiliates (Aetna).**
