See “Drug List” section on inside cover.

How will I determine my drug costs?

The amount you pay for a medication depends on what tier the drug is grouped under and what stage of the plan benefit you have reached.

Drug Tiers

Our plan groups each medication into one of four “tiers” –

- Tier 1. Preferred Generic
- Tier 2. Preferred Brand
- Tier 3. Non Preferred Brand and Generic
- Tier 4. Specialty – Generic and Brand

Use the plan formulary (drug list) to determine your medication’s drug tier.

Benefit Stages

Medicare Part D coverage has three benefit stages after you meet your deductible – *Initial Coverage, Coverage Gap, and Catastrophic Coverage*.

Stage One: Initial Coverage

- Begins after you meet your deductible (if applicable).
- You pay a copay or coinsurance for covered drugs.

Stage Two: Coverage Gap “Donut Hole”

- Begins after your total yearly drug costs – *what the plan has paid and what you have paid* – reaches \$3,750.

- You continue to pay the same amount as you paid in the initial coverage phase.

Stage Three: Catastrophic Coverage

- Takes effect when your yearly out-of-pocket drug costs – *what you paid at your retail pharmacy or mail order* – reach \$5,000.
- The plan pays most of the cost of a covered drug.
- You pay a small amount or up to 5% of the cost.

Which pharmacies can I use?

You can see our plan’s pharmacy directory at our website (www.mycigna.com), call us and we will send you a copy of the pharmacy directory.

We have a pharmacy network that includes over 64,000 pharmacies. You must generally use these pharmacies to fill your prescriptions for covered Part D drugs.

You may also get drugs at an out-of-network pharmacy. You will pay **40%**, plus any amount that the out-of-network pharmacy billed that is higher than our typical standard retail pharmacy billed charges.
