**Plan Name:** Cadillac EGWP - Plan #1 (RXPDC)

**Additional Information**

**Maximum Reimbursable Charge**

Payments made to health care professionals are determined based on the lesser of: the health care professional's normal charge for a similar service or supply, or a percentile (90th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then state, regional or national charge data may be used. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. These charges are compiled in a database selected by Cigna. The health care professional may bill the customer the difference between the health care professional's normal charge and the Maximum Reimbursable Charge as determined by the benefit plan, in addition to applicable deductibles, co-payments and coinsurance. Services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

**Medicare Coordination**

In accordance with the Social Security Act of 1965, this plan will pay as the Secondary plan to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent, or an Employee's Domestic Partner who is also eligible for Medicare and whose insurance is continued for any reason as provided in this plan (including COBRA continuation);
- (b) an Employee, a former Employee, an Employee's Dependent, or former Employee's Dependent, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

**Multiple Surgical Reduction**

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

**Pre-Existing Condition Limitation (PCL)** does not apply.

## Definitions

**Coinsurance** - The portion of covered expenses you are responsible for is called Coinsurance.

**Copay** - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

**Deductible** - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

**Prescription Drug List** - The list of prescription brand and generic drugs covered by your pharmacy plan.

**Professional Services** - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

**Transition of Care** - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

## Exclusions

### What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared, riot or insurrection.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an in-network benefits level or some other benefits level not otherwise applicable to the services received. Provided further, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a prescription medication or other product, Cigna may, in its sole discretion, reduce the benefits provided under the plan in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any plan Deductible or Out-of-Pocket Maximum the value of any coupon applied to any Copayment, Deductible and/or Coinsurance you are required to pay.
