Additional Information

Maximum Reimbursable Charge

Services are subject to a Calendar Year deductible and maximum reimbursable charge limitations. Payments made to health care professionals are determined based on the lesser of: the health care professional's normal charge for a similar service or supply, or a percentile (90%) of charges made by health care professionals of such service or supply in the geographic area where it is received. These charges are compiled in a database selected by Cigna. The health care professional may bill the customer the difference between the health care professional's normal charge and the Maximum Reimbursable Charge as determined by the benefit plan, in addition to applicable deductibles, co-payments and coinsurance.

Additional Information

Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay as the Secondary plan to Medicare Part A and B as follows:

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.
