

# All-wheel drive couplings, ECU-kits, spare parts.

New in the range!

# Leading supplier in drivetrain technology.

## BorgWarner

### All-wheel-drive couplings (AWD)

The electro-hydraulic clutch actuation technologies and controls deliver outstanding vehicle traction and handling performance. The AWD coupling product portfolio provides with BorgWarners specific overhaul kit solutions the optimal service for your vehicle. To ensure a long life reliability, the recommended OEM service intervals needs to be followed and the special developed OE service kits plus the approved system oil shall be used.

## AWD service products in the driveline technology with uncompromising original manufacturer quality.

**We are committed to offer a wide range with world class quality to meet the highest expectations.**

BorgWarner offers a broad portfolio of AWD couplings, ECU kits and spare parts. Our filters, pumps, and special oils ensure a clean, constant oil lubrication and facilitate ideal distribution of the driving power between the front and rear axle for optimum traction and handling.

Our OE competence - we are one of the biggest supplier for AWD couplings. More than 10 million BorgWarner couplings are in the market at most manufacturers.

BorgWarner recommends that oil and filter is changed according to the change intervals recommended by OEM. We offer not only the matching kits and authorized/approved oil, but also other key components for safety, efficiency and keeping up the original operating conditions together with perfect AWD traction control.

### 5 GOOD REASONS FOR OUR PRODUCT RANGE

- Original spare parts with no difference to OES products
- Same supply base like of serial with full quality control
- OEM latest requirements applied immediately
- Guaranteed accuracy of fit
- Worldwide service

## ALL-WHEEL DRIVE COUPLINGS (AWD)

- Original spare part
- Precise torque transmission

## ECU-KITS

- Original spare part
- Precise torque transmission

## PUMP KITS

- Flawless system operation
- Proper reaction to road conditions

## OIL

- Approved system oil for these units
- Identical with the one used in serial production
- Relevant for the service interval

## FILTER KITS

- Particle free system for flawless operation
- Relevant for the service interval

## SENSOR KITS

- Perfect system control
