

BorgWarner Inc. Audit Committee Charter

The BorgWarner Inc. Audit Committee (the "Committee") is responsible for providing assistance to the Board of Directors in monitoring (i) the integrity of the financial statements of the Company, (ii) the independent auditor's qualifications and independence (iii) the performance of the Company's internal audit function and independent auditors, and (iv) the compliance by the Company with legal and regulatory requirements.

The Committee shall be composed of three or more directors who are free of any relationship that, in the opinion of the Board of Directors, would interfere with their individual exercise of independent judgment as a Committee member and who meet the independence and experience requirements of the New York Stock Exchange and applicable regulations of the Securities and Exchange Commission (the "Commission"). All members of the Committee shall be generally knowledgeable in financial and auditing matters and at least one member of the Committee shall be "an audit committee financial expert" as defined by the Commission. Committee members shall not simultaneously serve on the audit committees of more than two other public companies.

The Committee shall provide assistance to the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, financial reporting and risk management practices of the Company. The Committee shall report regularly to the Board and establish and maintain free and open communication between the directors, the independent accountants, the internal auditors and the management of the Company. The Committee will:

1. Be directly responsible for the selection of, and compensation and oversight of the work of the independent auditor (including resolution of

disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Committee.

2. Preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Committee prior to the completion of the audit. Discuss and consider the independence of the independent auditors, including the auditors' written affirmation of independence.
3. Discuss and review with the independent auditors and financial management of the Company the proposed scope of the audit for the current year and the nature and thoroughness of the audit process; and at the conclusion thereof, receive and review audit reports including any comments or recommendations of the independent auditors.
4. Review with the independent auditor any audit problems or difficulties and management's response.
5. Adopt hiring policies for employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.
6. Review with the independent auditors, the Company's Vice President of Internal Audit and with the Company's financial and accounting managers, the adequacy and effectiveness of the Company's internal auditing, accounting and financial policies, procedures and controls; and elicit any recommendations for the improvement of existing internal control procedures or the establishment of controls or procedures. Particular emphasis should be given to the adequacy of the internal controls to expose payments, transactions or procedures which might be deemed illegal or otherwise improper.
7. Review the internal audit function of the Company including proposed audit plans for the coming year, the coordination of its programs with the independent auditors and the results of the internal programs.
8. Review and discuss recurring financial statements (including quarterly reports and disclosures made in management's discussion and analysis) to be issued to the shareholders or the public with management and the independent auditor and recommend to the Board the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K.

9. Review and discuss:
 - a) All critical accounting policies and practices to be used.
 - b) All alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor.
 - c) Other material written communication between the independent auditor and management, such as any management letter or schedule of unadjusted differences.
10. Discuss with management the Company's earnings press releases, including the use of "proforma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made).
11. Investigate any matter brought to its attention within the scope of its duties and retain outside counsel or other experts for this or any other purpose, if, in its judgment, such retention is appropriate. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee and for other expenses necessary or appropriate in carrying out its duties.
12. Report Committee activities to the full Board and annually issue a summary report (including appropriate oversight conclusions) suitable for submission to shareholders.
13. Review disclosures made to the Committee by the Company's CEO and CFO during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a role in the Company's internal controls.
14. Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.
15. Obtain and review a report from the independent auditor at least annually regarding (a) the independent auditor's internal quality-control procedures,

- (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Company. Evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, taking into account the opinions of management and internal auditors. The Committee shall present its conclusions with respect to the independent auditor to the Board.
16. Establish and monitor procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.
 17. Discuss with the Company's Chief Legal Officer legal matters that may have a material impact on the financial statements or the Company's compliance policies.
 18. Generally review and discuss with management the Company's risk assessment and risk management policies.

The Committee's charter, policies and procedures will be reassessed at least annually to allow reaction to changing conditions and environment and to assure that the Company's accounting and reporting practices are in accordance with all requirements and are of the highest quality. The Committee may amend or repeal its charter, policies and procedures, as the Committee deems appropriate. The Committee shall annually review the Committee's own performance.

The Committee shall meet as often as it determines necessary, but not less frequently than quarterly. The Committee shall meet periodically with management, the internal auditors and the independent auditor in separate executive sessions. These meetings shall include the independent auditors' evaluation of the Company's financial, accounting and auditing personnel and an assessment of the cooperation the independent auditors received during the review. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of

such subcommittee shall be presented to the full Committee at its next scheduled meeting.

The Chair of the Committee shall establish such rules for the Committee and its members as may from time to time be necessary and proper for the conduct of the Committee's business, in conformity with applicable laws, rules and regulations.

Rev. Date	Description
2.2.05	ES- F&A Committee Charter Amendments.doc
	Audit Committee Charter
5.12.05	
9.6.07	Added an exception to Item #2. Added final paragraph to conform with charters of other Committees.
