

Volker Weng

Vice President & President
& General Manager
of BorgWarner
Drivetrain Systems

Dr. Volker Weng was appointed Vice President and President and General Manager of BorgWarner Drivetrain Systems in February 2021. In this role, Weng oversees BorgWarner's global Drivetrain Systems business.

Prior to his current role, Weng held top positions in other BorgWarner businesses including President and General Manager, Transmission Systems and President and General Manager, Emissions and Thermal Systems. Weng has held a number of positions since joining BorgWarner in 2004, including Vice President and General Manager Turbo Systems Asia and Europe for Emissions and Thermal Systems; General Manager Turbo Systems China; and Director of Operations of the Kirchheimbolanden, Germany plant.

Prior to joining BorgWarner, Weng worked at FEV in advanced engine technology with increasing responsibilities within the engine simulation team.

Weng holds a diploma degree in mechanical engineering, a Doctorate in combustion engines from Karlsruhe University, and a Master of Business Administration from Mainz University.
