

Federico Morales- Zimmermann

Vice President Global Product
Engineering, Sales & Business
Development Fuel Systems

Federico Morales-Zimmermann was appointed Vice President Global Product Engineering, Sales & Business Development Fuel Systems in June 2022. Morales-Zimmermann is an experienced leader with a particular focus on profitability, business growth and organizational development.

Morales-Zimmermann joined the company in June 2017 and has held several positions in multiple business units at BorgWarner plants across Europe and America. Most recently, he played a major role in the integration of the Fuel Systems business from Delphi Technologies into BorgWarner in 2020.

Prior to joining BorgWarner, Morales-Zimmermann worked in several positions in Engineering, Operations, Product Strategy, Sales and Business Development for Siemens Automotive and Continental.

Morales-Zimmermann holds an electrical engineering degree from the University of Applied Sciences in Braunschweig, Germany.
