

BORGWARNER SUPPLIES 7 OF WARD'S "10 BEST ENGINES 2011"

Auburn Hills, Michigan, January 19, 2011 – The BorgWarner Engine Group supplies systems and components for seven engines named in Ward's "10 Best Engines 2011," including the:

- BMW 3.0-liter N55 Turbocharged DOHC I-6 (BMW 335i)
- BMW 1.6-liter Turbocharged DOHC I-4 (Mini Cooper S)
- Chrysler Group 3.6-liter Pentastar DOHC V-6 (Dodge Avenger and Jeep® Grand Cherokee)
- Ford 5.0-liter DOHC V-8 (Mustang GT)
- General Motors 1.4-liter DOHC I-4/111 kW Drive Motor (Chevrolet Volt)
- Volkswagen 2.0-liter DOHC I-4 Turbodiesel (Jetta TDI)
- Volvo 3.0-liter Turbocharged DOHC I-6 (S60)

These notable engines utilize one or more of BorgWarner's leading technologies including turbochargers, engine timing systems, variable cam timing (VCT) systems with Cam Torque Actuated (CTA) technology, spark plugs, glow plugs, electric air pumps and exhaust gas recirculation (EGR) coolers and tubes

"BorgWarner harnesses more than a century of innovation to drive the powertrains of the future. For our customers, that means solutions that enhance performance, improve fuel economy and reduce emissions. For drivers, it means more power at the pedal, more miles to the gallon and fewer emissions for a healthier environment," said Timothy M. Manganello, Chairman and Chief Executive Officer, BorgWarner. "We are proud to contribute to the success of these distinguished engines. Congratulations to our winning customers – BMW, Chrysler Group, Ford, General Motors, Volkswagen and Volvo."

Presented by *Ward's AutoWorld* magazine during the North American International Auto Show, Ward's 10 Best Engines program has built a reputation as the auto industry's annual barometer of powertrain expertise over the past 17 years. Nominations for the

BorgWarner Inc. (BorgWarner Supplies 7 of Ward's "10 Best Engines 2010") – 2

award are limited to engines that are available in regular-production, U.S. models on sale no later than the first quarter of 2011 with a base price of no more than \$55,000.
