

BorgWarner beliefert großen deutschen Automobilhersteller mit Hochvoltbatteriekühlung

- *Die zwischen den Zellen angebrachten Kühlplatten optimieren die Batterieleistung*
- *Modulares System bietet Flexibilität für zahlreiche Fahrzeugplattformen*
- *BorgWarner profitiert bei der Entwicklung von seiner Expertise in der Abgaskühlung*

Auburn Hills, Michigan, 9. Februar 2023 – BorgWarner wird einen großen deutschen Automobilhersteller in Europa und den USA mit innovativen Batteriekühlplatten beliefern. Diese sollen bei der nächsten Generation von Elektrofahrzeugen des Herstellers zum Einsatz kommen. Im Vergleich zu anderen Lösungen haben die Kühlplatten von BorgWarner eine höhere Kühlleistung – und das in einem kompakteren Gehäuse mit geringerem Gewicht und zu niedrigeren Kosten. Das Design der Kühlplatten kann zudem Montagetoleranzen ausgleichen.

„Seit mehr als 30 Jahren arbeiten wir mit diesem Kunden zusammen und haben an vielen neuen Technologien mitgearbeitet, die dieser in seine Fahrzeuge integriert hat“, sagte Joe Fadool, President und General Manager, BorgWarner Emissions, Thermal and Turbo Systems. „Wir freuen uns über die Erweiterung dieser Geschäftsbeziehung, indem wir Kühlkomponenten für die Batteriesysteme entwickeln, die in den neu entwickelten Elektrofahrzeugen dieses Herstellers eingesetzt werden.“

Bei den von BorgWarner entwickelten Batteriekühlplatten handelt es sich um stranggepresste Aluminiumprofile, die sich zwischen den Reihen der zylindrischen Batteriezellen schlängeln und sich deren Konturen genau anpassen. Dieses Design gewährleistet einen optimalen Kontakt mit der Oberfläche der Zelle für eine hochwirksame Wärmeübertragung. Die Platten sind an ihren Enden durch ein Rohr miteinander verbunden, in dem Kühlmittel zirkuliert, um die Zelltemperatur zu steuern.

Als weltweiter Marktführer in der AGR-Kühlertechnologie ist BorgWarner mit seinem Know-how im Wärmemanagement ein wichtiger Wegbereiter für neue Entwicklungen im

Marktsegment Batteriekühlung. Darüber hinaus sorgen die weltweiten Fertigungsstätten des Zulieferers für eine zuverlässige Produktlieferung.

Über BorgWarner

BorgWarner bringt als globaler Produktführer seit mehr als 130 Jahren erfolgreich Mobilitätsinnovationen auf den Markt. Mit einem sich permanent weiterentwickelnden Produktportfolio unterstützen wir den weltweiten Übergang zur e-Mobilität – und tragen so zur Schaffung einer sauberen, gesunden und sicheren Zukunft bei.

Kühlplatten von BorgWarner sorgen für einen optimalen Kontakt mit den Batteriezellen und einen effizienten Wärmeaustausch.

Forward-Looking Statements: This press release may contain forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management’s current outlook, expectations, estimates and projections. Words such as “anticipates,” “believes,” “continues,” “could,” “designed,” “effect,” “estimates,” “evaluates,” “expects,” “forecasts,” “goal,” “guidance,” “initiative,” “intends,” “may,” “outlook,” “plans,” “potential,” “predicts,” “project,” “pursue,” “seek,” “should,” “target,” “when,” “will,” “would,” and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact contained or incorporated by reference in this press release that we expect or anticipate will or may occur in the future regarding our financial position, business strategy and measures to implement that strategy, including changes to operations, competitive strengths, goals, expansion and growth of our business and operations, plans,

BorgWarner Inc. (BorgWarner to Supply Major German Vehicle Manufacturer with High Voltage Battery Cooling_DE) – 3

references to future success and other such matters, are forward-looking statements. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: our ability to effect the transaction described above and to meet the conditions related thereto; the ability of the separated companies to each succeed as a standalone publicly traded company; the potential that uncertainty during the pendency of the transaction could affect the Company's financial performance; the possibility that the transaction will not be completed within the anticipated time period, or at all; the possibility that the transaction will not achieve its intended benefits; the possibility of disruption, including changes to borgwarner.com existing business relationships, disputes, litigation, or unanticipated costs in connection with the transaction; the uncertainty regarding the expected financial performance of the Company or NewCo following completion of the transaction; potential negative effects of the announcement or pendency of the transaction on the market price of the Company's securities and/or on the financial performance of the Company; the impacts of any information and consultation processes with works councils and other employee representatives in connection with the transaction; evolving legal, regulatory, and tax regimes; the supply disruptions impacting us or our customers, such as the current shortage of semiconductor chips that has impacted original equipment manufacturer ("OEM") customers and their suppliers, including us; commodities availability and pricing, and an inability to achieve expected levels of success in additional commercial negotiations with customers concerning recovery of these costs; competitive challenges from existing and new competitors including OEM customers; the challenges associated with rapidly changing technologies, particularly as relates to electric vehicles, and our ability to innovate in response; uncertainties regarding the extent and duration of impacts of matters associated with the COVID-19 pandemic, including additional production disruptions; the difficulty in forecasting demand for electric vehicles and our electric vehicles revenue growth; potential disruptions in the global economy caused by Russia's invasion of Ukraine; the ability to identify targets and consummate acquisitions on acceptable terms; failure to realize the expected benefits of acquisitions on a timely basis including our recent acquisitions of AKASOL AG, Santroll's light vehicle eMotor business, and Rhombus Energy Solutions, the anticipated acquisition of Hubei Surpass Sun Electric's charging business, and our 2020 acquisition of Delphi Technologies PLC; the failure to promptly and effectively integrate acquired businesses; the potential for unknown or inestimable liabilities relating to the acquired businesses; our dependence on automotive and truck production, both of which are highly cyclical and subject to disruptions; our reliance on major OEM customers; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment and potential for recessionary conditions in regional economies; the outcome of existing or any future legal proceedings, including litigation with respect to various claims; future changes in laws and regulations, including, by way of example, taxes and tariffs, in the countries in which we operate; impacts from potential future acquisition or disposition transactions; and the other risks noted in reports that we file with the Securities and Exchange Commission, including Item 1A, "Risk Factors" in our most recently-filed Form 10-K and/or Quarterly Report on Form 10-Q. We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this press release to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
