

## **BorgWarner verkündet neues Joint Venture für elektrische Nutzfahrzeuge in China**

- *Gründung eines Joint Ventures mit der Shaanxi Fast Auto Drive Group vereinbart*
- *Hochvolt-Inverter für Nutzfahrzeuge stärkt Produktportfolio von BorgWarner*

Auburn Hills, Michigan, 12. Januar 2024 – Durch die Gründung eines Joint Ventures mit der Shaanxi Fast Auto Drive Group erweitert BorgWarner sein Produktportfolio für batterieelektrische und hybride Nutzfahrzeuge. Der marktführende chinesische Nutzfahrzeugzulieferer ist auf Getriebe- und Antriebsstrangsysteme spezialisiert.

„Durch die gemeinsame Arbeit an einem Hochvolt-Inverter für schwere Bau- und Agrarfahrzeuge wird dieses Joint Venture unser Wachstum im Segment Leistungselektronik für elektrifizierte Nutzfahrzeuge voranbringen“, sagte Stefan Demmerle, President und General Manager, BorgWarner PowerDrive Systems. „Unsere starke Präsenz in China ermöglicht es uns, die Produktentwicklung zu beschleunigen und hocheffiziente Invertertechnologie schnell auf den Markt zu bringen.“

„BorgWarner ist mit seiner ausgereiften Technologie, seinen leistungsstarken Forschungs- und Entwicklungskapazitäten und seiner integrierten Lieferkette ein weltweit renommierter Produktführer bei Invertern für Elektrofahrzeuge. Die FAST-Gruppe ist in China ein marktführender Lösungsanbieter, der sich auf Getriebe- und Antriebsstrangsysteme für Nutzfahrzeuge sowie auf intelligente High-End-Fertigungsanlagen spezialisiert hat“, sagte Xuyao Ma, Vorsitzender der FAST-Gruppe. „Elektrifizierung, Vernetzung, autonomes Fahren und geteilte Mobilität verändern die Automobilindustrie in China. Damit wächst auch die Durchdringungsrate von elektrifizierten Nutzfahrzeugen schnell. Mit diesem Joint Venture können wir hochmoderne Inverter- und Antriebslösungen für den Nutzfahrzeugmarkt anbieten und so den Nutzen für unsere Kunden erhöhen.“

BorgWarner ist davon überzeugt, dass die Zusammenführung seiner Spitzentechnologie und umfassenden Elektrifizierungsexpertise mit dem Nutzfahrzeug-Know-how und den Kundenbeziehungen der Shaanxi Fast Auto Drive Group das beschleunigte Wachstum der Elektrifizierung im Nutzfahrzeugsektor unterstützen wird.

Vorbehaltlich der behördlichen Genehmigung wird die Gründung des Joint Ventures im ersten Quartal 2024 erwartet.

**Forward Looking Statements:** This release may contain forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management's current outlook, expectations, estimates and projections. Words such as "anticipates," "believes," "continues," "could," "designed," "effect," "estimates," "evaluates," "expects," "forecasts," "goal," "guidance," "initiative," "intends," "may," "outlook," "plans," "potential," "predicts," "project," "pursue," "seek," "should," "target," "when," "will," "would," and variations of such words and similar are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact, contained or incorporated by reference in this release that we expect or anticipate will or may occur in the future regarding our financial position, business strategy and measures to implement that strategy, including changes to operations, competitive strengths, goals, expansion and growth of our business and operations, plans, references to future success and other such matters, are forward-looking statements. Accounting estimates, such as those described under the heading "Critical Accounting Policies and Estimates" in Item 7 of our most recently filed Annual Report on Form 10-K ("Form 10-K"), are inherently forward-looking. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: supply disruptions impacting us or our customers, such as the current shortage of semiconductor chips that has impacted original equipment manufacturer ("OEM") customers and their suppliers, including us; commodity availability and pricing, and an inability to achieve expected levels of recoverability in commercial negotiations with customers concerning these costs; competitive challenges from existing and new competitors including OEM customers; the challenges associated with rapidly changing technologies, particularly as relates to electric vehicles, and our ability to innovate in response; uncertainties regarding the extent and duration of impacts of matters associated with the COVID 19/coronavirus pandemic, including additional production disruptions; the difficulty in forecasting demand for electric vehicles and our electric vehicles revenue growth; potential disruptions in the global economy caused by Russia's invasion of Ukraine; the ability to identify targets and consummate acquisitions on acceptable terms; failure to realize the expected benefits of acquisitions on a timely basis; the possibility that the spin-off transaction will not achieve its intended benefits; the failure to promptly and effectively integrate acquired businesses; the potential for unknown or inestimable liabilities relating to the acquired businesses; our dependence on automotive and truck production, both of which are highly cyclical and subject to disruptions; our reliance on major OEM customers; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment; the outcome of existing or any future legal proceedings, including litigation with respect to various claims, or governmental investigations, including related litigation; future changes in laws and regulations, including, by way of example, taxes and tariffs, in the countries in which we operate; impacts from any potential future acquisition or
