BORGWARNER RECEIVES
2014 WORLD EXCELLENCE AWARDS FROM FORD

*BorgWarner Recognized in the Aligned Business Framework Category,
Receives Gold Award for Quality, Delivery and Cost Performance*

Auburn Hills, Michigan, August 17, 2015 – BorgWarner received a 2014 World Excellence Award in the Aligned Business Framework category for exemplifying the Ford Motor Company’s principles of quality, value and innovation. During the 17th annual awards ceremony, Ford also presented BorgWarner’s facility in Rzeszów, Poland, with a Gold Award for consistently demonstrating superior quality, delivery and cost performance, ranking it in the top 5 percent of qualifying suppliers.

“Throughout BorgWarner, we passionately pursue excellence in all that we do, from developing innovative technologies to producing and delivering quality products,” said James R. Verrier, President and Chief Executive Officer, BorgWarner. “Our relationship with Ford was established when the automotive industry was just beginning. We are proud to continue to support Ford with a wide range of advanced technologies designed to improve fuel economy, emissions and performance.”

BorgWarner supplies Ford with turbochargers, fans and fan drives, exhaust gas recirculation valves and coolers, engine timing chain systems, HY-VO[®] transmission chains, cam torque actuated variable cam timing phasers, transfer cases and transmission components.
